

Your rules of behaviour during the helicopter flight Switzerland

Please observe the following rules of conduct in your helicopter flight. For questions please contact the pilot or the company directly on site. We wish you already enjoy your flight.

Dangerous substances

Smoking, flames, and dangerous goods are forbidden.

Be careful

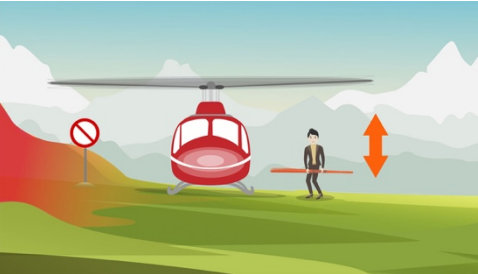

Watch out for loose items. Supervise your children and animals.

Keep distance

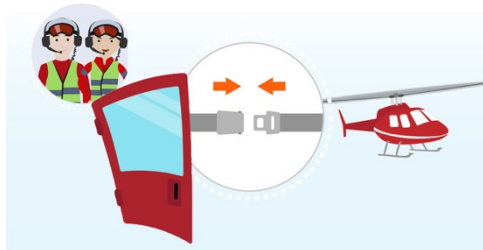

Keep a safe distance from the helicopter until the pilot or flight assistants instruct you. Approach on request and keep visual contact. Approach the helicopter from the front or side, never from the rear!

Approach

When boarding or alighting from the valley side always bend over!

Securing

Remain buckled up during the entire flight. The doors should be opened and closed only by personnel, except in emergencies.

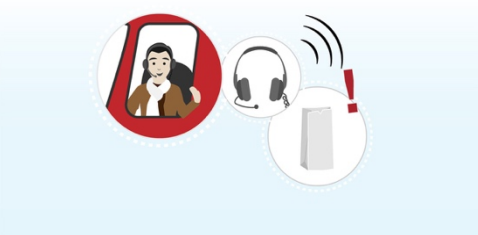

Emergency

Im Notfall

Bewahren Sie Ruhe, öffnen Sie selbständig Türen und Gurte und verlassen Sie den Helikopter. Kontaktieren Sie den Notruf.

In an emergency: Keep calm, release seatbelts, open the doors and leave the helicopter. Contact emergency services.

Problems

Communicate through the headphones. Inform the pilot promptly if you experience any physical discomfort.

Mountains

Pack walking or trekking shoes and warm clothes for mountain tours.

Enjoy your flight

Mobile phones are permitted - you are more than welcome to take photographs and videos. Enjoy your flight!
